

SUGAR CREEK TOWNSHIP FIRE/TAX DISTRICTS

Recently, Sugar Creek Township created two new fire districts. This change in fire coverage areas required the Wayne County Auditor's Office to create one additional Tax District, Tax District 76.

921 parcels were transferred from Tax District 47 to the new Tax District 76. Nothing changed with regards to the parcels' legal descriptions; however their Parcel Identification Numbers (PIN) were changed. The first 2 digits of each of the 921 parcel numbers were changed from 47 to 76. The remaining 8 digits of the parcel numbers remain unchanged. For example, parcel 47-02335.000 became parcel 76-02335.000, parcel 47-01852.001 became parcel 76-0185.001, etc.

When you perform a Real Estate Search on the Wayne County Auditor's website (www.waynecountyauditor.org), BOTH parcel numbers (the old "47-" number and the new "76-" number) are currently displayed. However, only the parcels with the new "76-" parcel number are displayed on the Wayne County Auditor's GIS website (wayne.oh.bhamaps.com), as well as the "map this property" button.

The map below shows, in red, which parcels were transferred from Tax District 47 to Tax District 76. Questions regarding the new fire districts may be directed to Sugar Creek Township at 330-828-2511. Furthermore, township personnel contact information may be found on their website at www.sugarcreekwayne.com/about.
